Decision to Covert to Academy Status

During the consultation process, a meeting between Kingsway Primary School staff was held with key members of the Minster Trust for Education (MITRE) to enable staff to ask questions directly.

In addition, an open meeting, attended by representatives of MITRE, took place on Tuesday 17th May 2022, at 6.30pm in Kingsway Primary School.

Kingsway children were also be kept informed through assemblies and had the opportunity to ask questions and give feedback about the proposal for Kingsway to become an academy.

Feedback and questions were submitted both in writing and via the designated consultation email address.

Decision

Governors held an extraordinary meeting in which they carefully considered all feedback and questions provided in writing and via email, in addition to children's questions and responses, as part of the consultation process.

During this meeting, governors voted unanimously to continue with the process of converting to an academy with the intention of joining the Minster Trust for Education (MITRE).

This remains a lengthy process as we enter the early conversion stage which involves further due diligence from both parties, legal aspects of conversation and working directly with DfE support.

We will continue to post updates as we progress.

Mr I. Lowrey
Chair of Governors
