

## Welcome

It is my pleasure to welcome you to Kingsway Primary School, where we provide continuity of education for children aged between five and eleven years inclusive. In the academic year when children are eleven they generally transfer to Kirkby College or Ashfield School.

We aim to provide the best possible education for all our children to enable them to realise their full potential. Through our broad and balanced curriculum and out-of-hours activities, children are able to maximise their different talents and skills. We aim to give children a sense of confidence in their own abilities and to encourage them to be independent and responsible.

To achieve this we create a safe, caring and stimulating learning environment where our children are motivated, confident and enjoy being at school. We value our children as individuals and believe that this enables them to develop a positive self-image, self-discipline and respect for others. We believe in celebrating achievements and providing our children with happy memories of their time at Kingsway.

We are very fortunate with our location of our school as our traditional two storey red brick building is surrounded by a large playground and extensive sports field. The school has two large halls, a separate dining room and kitchen (school dinners are cooked on site), a library, a computing room and music room. We also have a secure outdoor play facility, with a canopy, for our youngest pupils. Our most recent addition has been the development of three new classrooms, a group room and a sensory room to provide additional space for our growing school.

I am extremely proud of the children's achievements. Sports teams compete in a wide range of local competitions and activities helping the children to develop a strong, positive approach to teamwork.

A strong partnership between home and school is vital to our success and we encourage parents/carers to become involved in all aspects of school life. We believe that by working together we provide your child with the best possible opportunities.

Please do not hesitate to contact me if you would like to visit the school or have any questions.

Samantha Bradbury
